

THE BEARING OF CHOICE

Whether you own a small farm with a few acres or a large farm with thousands of acres, PEER provides both value and innovation in our extensive line of reliable agricultural bearings.

FEATURES/ADVANTAGES OF PEER AGRICULTURAL BEARINGS

Retainer

- One piece crowned molded nylon
- Specially designed for dynamic misalignment capabilities to extend the life of the bearing
- Proven retainer design, superior over two piece riveted steel retainers

Seal construction

- Premium seal material for wear and temperature resistance
- Optimized seal lips capable of misalignment and long life
- Machined inner rings reduce seal wear and extend lip life

Staked in seal versus snap in seal

- Outer rings are manufactured for positive seal retention
- Prevents the seal from loosening due to seal torque and contact with field debris resulting in longer bearing life and increased field productivity

Heavy guage steel shroud

- Provides superior protection for the seal lips

Grease

- Synthetic base oil with high viscosity permanently lubricates bearing components for life
- Provides a barrier to contamination and corrosion
- Trusted by leading OEMs and field proven for more than 15 years

Trusted Difference at Every Turn

WHY PEER BEARING

***Wherever you look in the PEER organization,
you will see our Trusted Difference.***

PEOPLE

We are culturally diverse, yet globally aligned. PEER's knowledgeable and industry focused teams are driven to meet and exceed our customers' highest expectations.

CULTURE

Our "Can-Do" and "Yes, Why Not" philosophy defines PEER's global approach. PEER's customer-centric spirit makes it easy for our customers to work and partner with us.

PRODUCT

We supply promised performance and deliver value. PEER manufactures a strong product mix of reliable ball and roller bearing solutions for targeted industries.

QUALITY AND ENGINEERING

PEER delivers quality from our ISO/TS 16949 certified manufacturing facilities that our customers can rely on at every turn. Our application-specific engineers and dedicated R & D team are able to tailor solutions for optimal performance and value.

SERVICES

We don't just supply bearings; we provide service that our customers can depend on. Our well-trained customer service staff, combined with global warehousing, ensures your product is available and delivered on time.

THE TRUSTED BRAND TO GLOBAL LEADERS

PEER has developed a long and deep-rooted relationship with top global manufacturers in our targeted industries. As an award-winning supplier, PEER works closely with these companies to integrate bearing solutions that are reliable and cost-effective.
